Marshals. Members of the WRDA,
BARC Wales & friends

Croeso I Pembrey – Welcome to Pembrey

Welcome to the 2001 WRDA Clubmans Festival

We are pleased to welcome all competitors and officials to Pembrey for the 2001 WRDA Clubmans Festival. We hope the event will be as enjoyable as last years and that you will have a good days racing.

*Geoff Edwards
Chairman*

On the bill today is the 5th round of the Welsh Sports & Saloon Car Championship; which is supported by the Pembrey Performance Driving School. The championship has been running for 10 years now, and we have been fortunate in recent years to have the assistance of our friends in BARC Wales in helping to organise it. The Welsh Championship has gained a reputation for having a wide variety of cars and extremely close finishes to the season. Terry Brown is the current points leader, holding a narrow 2 point lead from Peter Dark who won the 1997 championship by 1 point in a last round shot out. Terry is a tough competitor who is always likes to be at the front, but must be one of the unluckiest drivers in the championship having narrowly missed winning the title on 2 occasions. Last year he was the runner up to Clive Hayes, (Clive is the Vice-Chairman of the WRDA) after another final round shot out. Terry will be hoping it will be 3rd time lucky this year, but Peter Dark is likely to want to win the title for himself again and is sure to give Terry a hard fight. In the Modified Saloon classes the fight is likely to be between The Fords of Alvin Powell and Martin Davies. Triple Champion Martin Davies with his 4wd Sierra is likely to get the best of it at the start but Alvin, with the World Championship winning Mondeo, is likely to start to put the pressure on as soon as he can get up to speed. Martin won the championship 3 years in a row in 94, 95 & 96 and won't be giving Alvin an easy time. Also in the Modified Saloon Class is Martin Jones with his Sierra Cosworth turbo. Martin who graduated from the Pembrey Performance Driving School last year, won his class and finished 3rd in the Championship, in a Rover tomcat. In the 1600 c.c class local driver Rhodri Jenkins, who also graduated from the Pembrey Performance Driving School, is now an experienced driver but he could have plenty of opposition from newcomer Peter Salter. By the way watch out for Mark Fennell driving a VW Corrado. Mark who is one of our new members, having joined us from the world of hot-rod racing and he will be having his first race with us today

Also on the programme is The Neil Shanahan trophy for Formula Ford cars. Neil was a talented young driver from Ireland and he figured prominently the last time that we had Formula Ford races at Pembrey in 1998. On the day, which was organised by the Aston Martin Owners Club, he finished 2nd in one race, and won the other. Neil went on to compete in the British F F Championship, and seemed to have a bright future in front of him, but sadly lost his life in a crash at Oulton Park. Hopefully we can have a race today to remind us of happier times. Essentially though it is a warm up race for tomorrows' Ford of Ireland Championship race, which is part of the Jaguar Car Clubs' meeting. Some illustrious names are connected with The Ford of Ireland Championship such as team owners Bernard Devaney and Martin Donnelly. Bernard was a top competitor for many years, and Martin Donnelly is one of those rare breeds, a Formula One driver who is still involved in the sport at the sharp end. Martins' career took him into Grand Prix with Arrows for whom he had 1 race, and then to the Lotus team. He competed in over dozen Grand Prix for Lotus in 1990, until injury cut short his career. Along the way he rubbed shoulders with many big name drivers, for instance amongst his team-mates where both Damon Hill & Derek Warwick! So it's definitely worth getting your autograph book out this weekend!

Race 3 is The Saloon & Sport car race will give our drivers another chance to hone their skills, before the handicap race which is aimed at giving those drivers with less powerful cars the same chance of winning as any else. The less powerful cars will be credited with anything from a few seconds to a lap (or several) and the faster cars will have to catch them! If it all works out right, the last lap should be a cracker!

The final race of the day will be the 30 minute Mini Enduro race where pit stops and/or driver changes are mandatory. In the cars with 2 drivers, where one driver replaces the other, entry and exit to the car must be through the drivers side only. For those drivers who are going to the whole distance on their own, they must get out of the car, and stand upright with both feet on the ground, before getting back into the car. It should make for a fascinating race, as the drivers and teams will have work out their tactics. For instance, which driver will start first, and when will they do the pit stop!

WE DO HOPE YOU HAVE A PLEASANT AND ENJOYABLE DAY'S SPORT.

<u>Practice & Race Timetable:</u>		
	Time	Practice
1	10.00 to 10.20	Race 1 Welsh Sports and Saloon Car Championship <i>- supported by Pembrey Performance Driving School</i>
