

Meeting 28th Sept 1983

RE Allender M. Williams M. Allender

matters arising from minutes of last meeting.

Barry Reece had been almost fatally injured in an accident at Castle Combe after his car hit the car of fellow member Ken Davies of Swansea.

Both were sent "Get well" cards immediately.

later Davies was released from Hospital but still with his arm in plaster and suffering double vision. Reece was comatose for almost 5 weeks but recovered and was transferred from Frenclay Hospital to Cardiff Royal Infirmary.

Following a suggestion from Ken Harvey it was agreed that a fund be set up to buy the two members concerned something to cheer them up one suggestion being the Auto Course annual, generally available for £15.95.

The meeting with Llanelli Borough Council achieved little progress. The plan outline has been sold to the planning staff and they will have to bid the budget, possibly £300,000 spread over 2 years, from within council budgets after convincing the rest of the Council. With Rallycross, grass track and motor cycle racing all laid out already we must hope ^{we} will not have to wait to long.

Also mentioned was a travel club, there had been some interest expressed so it was agreed to give the idea an airing in the next newsletter.

R.E. Allender, M. Williams. matters arising from last minutes
Seventy pounds was raised for the Barry Rees Appeal
and R.E. Allender & Ken Harvey went to Rookwood Hospital
in Cardiff to deliver the Autocourse annual just in
time for Xmas. The further £50.00 has been given to
Viv Wallace who is arranging for a new set of glasses to be
made for Barry.

A suggestion was received from the Ken
Lewis team of Swansea that an event be organised
for Barry's benefit.

Notice was received that meeting of
all interested parties at Watford on 16th Jan 1984
to discuss setting up a committee to raise funds for
Barry and the Sec will attend to put the above suggestion.
